

## Welcome to the Online Training Center!

Indiana Primary Health Care Association (IPHCA) is pleased to announce that it has partnered with Essential Learning, a leader in the field of online continuing education, to offer IPHCA providers with the opportunity to launch Elevate™ LMS – customized organizational training site. IPHCA is proud to offer this training opportunity for all our members. We offer CEs, CMEs and a variety of courses in dental, medical, clinical and general workplace skills like supervision and management.

**For agencies and organizations:** The state-of-the-art Learning Management System – Elevate™ LMS – includes a comprehensive course library, enrollment, tracking, and reporting features that will help members save money and deliver training more efficiently. Visit Essential Learning's website [www.EssentialLearning.com](http://www.EssentialLearning.com) or [request a demo](http://www.Swiftpage8.com/survey/PartnerDemoRequest) (hyperlink to request form <http://www.Swiftpage8.com/survey/PartnerDemoRequest> ) to learn more.

#### Benefits Include:

- Access to a library of 900+ hours of courses in wide ranging topics
- Completion certificates for continuing education - ANCC, AAMA, ADA, LCSW
- Prepare for and maintain Joint Commission or AAAHC Accreditation
- CME credits through Prescriber's Letter
- Develop career paths for employees to prepare them for a new position or promotion
- Automate annual training – saves staff time

Courses are designed to engage learners through an interactive learning environment and are written by professionals with expertise in their course subject areas. Each course is self-paced, includes a final exam and certificates may be printed upon successful completion of the course. CEs are available for many of the courses, including but not limited to ANCC, AAMA, ADA, and LCSW. Please see the accreditation guide for more information. In addition, CME credits are available through the Prescriber's Letter. For more information on CMEs, please contact [info@EssentialLearning.com](mailto:info@EssentialLearning.com) or 800-729-9198 x273.

Courses include a wide range of topics to cover the breadth and depth of Primary Health Centers and Rural Health Clinics. The following topics are only a sample of what is included in our library:

- Computer Skills
- Compliance and OSHA Standards
- Workforce Development
- Quality Improvement
- Human Resources
- Management
- Leadership
- Governance
- Clinical
- Behavioral Health

- Dental

New courses are always in development and added frequently, so check back often to take new courses.

Additional ROI benefits to be included on same page or as new page, depending on website page layout.

## Online Training is the Best Return on Your Investment

Here are some ways that Online Training can reduce your training costs:

1. Cut travel and gas expenses
2. Use a blended training approach—combine live and online training to reduce costs
3. Reduce time away from the job and loss of billable hours
4. Cut administrative hassle while ensuring compliance with training mandates
5. Retain staff and get new employees on the job faster
