Indiana: Confirmed Pandemic H1N1 Flu Cases

The Indiana State Department of Health reports a total of 312 confirmed cases of the pandemic H1N1 influenza in the state. There have been four deaths associated with the pandemic H1N1 influenza in Indiana since April 20, 2009.

The Indiana State Department of Health will be hosting a booth at this year's Indiana State Fair to provide information to the public on the pandemic H1N1 influenza. The State Fair runs from Friday, August 7 through Sunday, August 23. The pandemic H1N1 flu booth will be located in the Toyota Exposition Hall (between Gate 1A and Gate 19) next to the Indiana Department of Homeland Security's booth.
