

CDC Updates for Clinicians

Clinician Outreach and Communication Activity (COCA)
Emergency Communication System

September 15, 2009

COCA Conference Call

The purpose of the call is to discuss pediatric issues related to the CDC Updated Interim Recommendations for the Use of Antiviral Medications in the Treatment and Prevention of Influenza for the 2009-2010 Season found at

<http://www.cdc.gov/h1n1flu/recommendations.htm>.

**Speakers: Joseph Bresee, MD
Philip Peters, MD
Georgina Peacock, MD MPH**

Date: Wednesday, September 16, 2009

Time: 4:00 PM - 5:00 PM ET

Call-in number: 888-283-2960

Passcode: 6597982

Objectives:

After this activity, the participants will be able to:

1. Describe the current H1N1 situation
2. Discuss interim recommendations for use of antiviral medications to treat and prevent influenza and how this recommendation impacts children.
3. Identify potential issues as well as suggestions for additional resources that may be of benefit to health care providers.

Communicating With Clinicians

CDC currently employs several mechanisms to communicate with clinicians on topics of urgent concern and interest.
