**Subject:** HRSA Announcement: H1N1 Information for Health Center Program Grantees

The Bureau of Primary Health Care (BPHC) encourages health centers to prepare for participation in H1N1 emergency response activities. On October 9, 2009, BPHC posted Frequently Asked Questions (FAQs) related to the novel H1N1 emergency for Health Center Program grantees. These FAQs should help Health Center Program grantees as they prepare to participate as part of their local/state preparedness activities.

Additionally, the BPHC has issued a determination of coverage for H1N1-related activities not addressed by the Public Readiness and Emergency Preparedness Act. These two documents are available at <http://bphc.hrsa.gov/h1n1/>.
